The greatest Nuremberg of all time is on its way (NB: translated from German)

17/02/2021

By Jean-Michel Grau

Right now, a second Nuremberg tribunal that is in preparation, with a class action lawsuit being set up under the aegis of thousands of lawyers worldwide behind the American-German lawyer Reiner Fuellmich, who is prosecuting those responsible for the Covid-19 scandal manipulated by the Davos Forum.

In this respect, it is worth recalling that Reiner Fuellmich is the lawyer who succeeded in condemning the automobile giant Volkswagen in the case of the tampered catalytic converters. And it is this same lawyer who succeeded in condemning Deutsche Bank as a criminal enterprise.

According to Reiner Fuellmich, all the frauds committed by German companies are derisory compared to the damage that the Covid-19 crisis has caused and continues to cause. This Covid-19 crisis should be renamed the "Covid-19 Scandal" and

all those responsible should be prosecuted for civil damages due to manipulations and falsified test protocols. Therefore, an international network of business lawyers will plead the biggest tort case of all time, the Covid-19 fraud scandal, which has meanwhile turned into the biggest crime against humanity ever committed.

A Covid-19 commission of enquiry has been set up on the initiative of a group of German lawyers with the aim of bringing an international class action lawsuit using Anglo-Saxon law. Here is the summarized translation of the last communication of Dr. Fuellmich of 15/02/2021

“The hearings of around 100 internationally renowned scientists, doctors, economists and lawyers, which have been conducted by the Berlin Commission of Inquiry into the Covid-19 affair since 10.07.2020, have in the meantime shown with a probability close to certainty that the Covid- 19 scandal was at no time a health issue. Rather, it was about solidifying the illegitimate power (illegitimate because it was obtained by criminal methods) of the corrupt “Davos clique” by transferring the wealth of the people to the members of the Davos clique, destroying, among other things, small and medium-sized enterprises in particular. Platforms such as Amazon, Google, Uber, etc. could thus appropriate their market share and wealth.”

Status of the Covid-19 Committee investigation

a. Covid-19 as a diversionary tactic by corporate and political “elites” in order to shift market share and wealth from small and medium enterprises to global platforms such as Amazon, Google, Uber, etc.

b. Contribution of the Audiovisual Tax to the reconstruction of a new media landscape that offers truly independent information

c. Making regional agricultural structures secure

d. Making a secure regional currency to prevent a new currency from coming “from above” to be allocated in the event of good behaviour.

e. Psychological considerations of the situation: how did it come about?

Actions for annulment of the approval of a vaccination, filed against the European Commission, trial in New York of the status of PCR tests, German trials, Canadian trials, Australian trials, Austrian trials, trials at the International Court of Justice and the European Court of Human Rights.

“We have seen what has been confirmed time and time again: the degree of danger posed by the virus is about the same as that of seasonal flu, regardless of whether it is a new virus (wholly or partially manufactured) or whether we are simply dealing with a flu renamed “Covid-19 pandemic”. In the meantime, Drosten’s PCR tests cannot even tell us anything about

contagious infections. To make matters worse, the health and economic damage caused by anti-covid measures has been so devastating that we have to speak of a level of destruction that is historically unique. »

“The fact that health has never been an issue is particularly obvious, except that injections of genetically experimental substances disguised as “vaccinations” are now causing serious damage, including fatal consequences, on a mass scale. The world population has been used as guinea pigs for these experimental gene injections both gradually and extremely rapidly. In order to plunge the population into panic, dangerous and harmful containment measures (even according to the WHO) of compulsory, unnecessary and dangerous mask-wearing and social distancing, unnecessary and counterproductive, were introduced. The population was thus “ready” for the injections.”

“In the meantime, more and more people, not just lawyers – and rightly so – are demanding, in addition to an immediate end to these murderous measures, a judicial review by a truly independent international tribunal on the model of the Nuremberg trials. An example of such a demand and a moving excerpt from a speech by the English doctor Dr. Vernon Coleman can be found at the following link: (<https://youtu.be/T3DNV7v5i74>)

In addition, an interview with a whistleblower at a Berlin nursing home shows that out of 31 people vaccinated there, some of them by force, in the presence of Bundeswehr soldiers, and who tested negative before the vaccination, 8 have now died and 11 are subject to serious side effects.” (2020news.de/whistleblower-aus-berliner-altenheim-das-schreckliche-sterben-nach-der-impfung/)

Extraordinary meeting of the Berlin Covid Committee Wednesday 17/02/2021

“In this context, an extraordinary meeting of the Berlin Covid Committee will take place on Wednesday 17.02.2021, live and with many guests participating via Zoom.

From 14:00 onwards, the state of play will be summarised. In addition, it will be discussed how the contributions from the Audiovisual Licence Fee Tax can be kept and used for the reconstruction of a new media landscape that truly serves freedom of expression, and how the contributions already paid for the senseless propaganda of the last 11 months can be recovered through a formal notice.

There will be contributions and discussions on how the food supply can be secured, in particular by strengthening regional agriculture; but also by creating regional currencies, if necessary with the return of the EU to the EEC, on how to ensure that the policy of the “Davos clique”, based on printing money out of nothing, can be stopped and a return to stable currencies can be achieved.

Above all, experts will explain how it could happen that we find ourselves in this blackmail situation unimaginable even a year ago.

In the second part of the session, starting at 7 p.m., world-renowned and high-level personalities will comment on the state of current international legal disputes, including the various collective actions, as summarised above. But it will also be discussed how the main perpetrators, in particular political perpetrators, of the crimes against humanity committed here can and must be held accountable under civil and criminal law in the framework of a new International Court of Justice to be established in accordance with the guidelines of the Nuremberg trials with international distribution.”

The link to the special session of the Covid Committee announced here will be available on 17.02.2021 via the Committee’s website (corona-ausschuss.de).

Commentary :

To fully understand what is at stake with this new Nuremberg tribunal to judge the biggest tort case of all time, it is by pulling the thread of Dr. Drosten’s lie for falsifying the PCR testing protocol on behalf of the Davos clique, that everything will come to pass: the sponsors of the financial oligarchy, Klaus Schwab, the great architect of this gigantic hostage-taking, the politicians at the head of the EU, the armed arm of the execution of Drosten’s and WHO directives that led all Western governments yesterday to take the devastating decisions of containment, curfews, compulsory mask-wearing and social distancing, and today of lethal vaccines for the oldest among us.

“It is these truths that will bring down the masks of those responsible for the crimes committed. To the politicians who have had faith in these corrupt figures,” says Dr. Fuellmich, “the facts presented here are the lifeline that will help them to set the record straight and begin the much-needed scientific debate to avoid going down with these criminal charlatans.

Secondly, in the light of this latest communication by Dr Fuellmich, two proposals from the extraordinary meeting of the Covid Committee in Berlin are of particular interest:

Firstly, the way in which the food supply can be secured, which seems somewhat surreal given the current situation. According to Klaus Schwab’s planning for the Davos Forum, this is not the case. He has predicted a break in the food chain from the end of the second half of 2021 (nouveau-monde.ca/fr/la-quatrieme-phase-de-schwab/).

Secondly, the creation of regional currencies. There, it is clear that the Covid Committee of Berlin already anticipates the world stock market crash which is coming and which the financial oligarchy of the Davos Forum intends to take advantage of to set up the European digital currency in the expectation of a world currency to create a Chinese-style social credit on which the middle class of all the peoples ruined by the closure of their businesses, small and medium-sized industries and enterprises, cultural and tourist industries, sports facilities, etc. will become dependent.

These two aspects alone of the hostage-taking 2.0 of which the Western world has been a victim for almost a year should logically be sufficiently motivating to make us understand definitively that we are faced with a “populicide” that only asks

to crush us if we remain inert, arms dangling without doing anything.

This is why each of us should do everything we can now to ensure that this international legal coalition can become operational as soon as possible. To this end, all those of us who wish to join the collective action of French lawyers to participate in this reconquest of our freedoms should already get in touch with the collective action by 21 February (francesoir.fr/opinions-entretiens/interview-me-virginie-de-araujo-recchia-avocate-au-barreau-de-paris). Our survival is at this price as well as the future of our children.

I have read about this and tried to find out more. Thanks for the post, this is supremely important and I await more news on it. It is very encouraging that not only have these people sen through this con trick, but that they have the resources to challenge it and expose it. The people behind this scam need to be imprisoned for the rest of their lives.

Agreed, and what I find more encouraging still, having followed news from this quarter from the start, is that in the beginning, RF was inclined to dismiss the wider conspiracy that was self-evident to most of us. That certainly isn't the case now!

Failures of the plandemic. Short video by Kevin Galalae. Makes some valid points although becomes a little bit egotistical at the end.

Deception and lies not a good raft to use as a foundation for a new world order.

Hey Elaine, I tried to open this link and Safari browser dropped a pop down box saying it could not open a text (data) file with quicktime. I thought this was curious so I tried to open it with a text reader and got a page of machine code. I really do not know what happened there. I managed to find the interview on the 'Q' site. I got into Q briefly when Amazing Polly was researching him but eventually stopped following it. However the link below appears to be the same interview for those that cannot open your link.

UPDATE I am really pushing this as its importance is so Key to making people realise the simply COLOSSAL fraud and criminal enterprise behind this.

My greatest fears are for the Safety of these Brave people who are taking on these Gangsters in the Courts. after what happened to a few other whistleblowers /Covid Sceptics including the late president of Tanzania there is a very real threat to their lives- these Bastards will kill anyone who gets in their way.

[quote quote=105991]Naomi Wolf[/quote]

Naomi Wolff argues that the analogue space is the enemy of the digital space. The Tech companies lose profits when people associate face to face in church and other interactive spaces. These tech companies profits are driven by eyeballs on screens either working or buying and selling. Obviously things like Easter and Christmas holidays will have to go.

I'll argue with Naomi Wolff that the real driver of this is the financial space, and especially government deficit spending and the banks ability to create money out of nothing. That and pure unadulterated Evil.

BTW - I have never worked for Reuters.
